## **Notice to the shareholders of PATRIZIA Infrastructure Invest**

---

The board of managers (the “Board”) of the Company would like to inform the shareholders about the following changes, which enter in force on 16 April 2026:

1. AIFMD II: The inclusion of liquidity management instruments in connection with the revision of the AIFMD through Directive (EU) 2024/927 of the European Parliament and of the Council of 13 March 2024 amending Directives 2011/61/EU and 2009/65/EC (“AIFMD II”). In the present case, wordings regarding the possibility of segregating illiquid assets (“Side Pockets”) were included in the general part of the issuing document, and in the relevant Sub-Fund Annex, for redemption restrictions (Gating) as well as for extension of notice period were considered. The liquidity management instruments are used only in exceptional phases of market stress and after comprehensive review within the framework of liquidity and risk management, in order to ensure fair treatment of investors while best protecting their interests.
2. The section regarding the calculation of the Net Asset Value is modified as follows: “Direct infrastructure investments are valued at their fair value. Directly attributable acquisition costs are capitalized and amortized over 5 years.”

All amendments will be included in a new version of the prospectus of the Company as of 16 April 2026.

In accordance with section 17.1. of the Prospectus, the Partnership Documents (including the prospectus) are available for inspection by the Shareholders at the registered office of the Partnership.

Grevenmacher, 16. April 2026

PATRIZIA Infrastructure Invest
